KUMIAI CHEMICAL INDUSTRY CO., LTD.

Publication of the Kumiai Chemical Group Integrated Report 2023

Kumiai Chemical Industry Co., Ltd. has published the first Integrated Report. We provide information about the middle to long-term value creation approach and initiatives from financial and non-financial views to our stakeholders through this report.

In this report, we mention our management strategies and our response to the global social issue related to climate change and agriculture, and so on. We hope all stakeholders, including shareholders and investors, deepen understanding of our approach and initiative through this report.

We will continue to strengthen dialogue with our stakeholders through proactive information dissemination and will strive to realize a sustainable society and enhance our corporate value through our business.
